

Curriculum Vitae

Last update: 15/11/2025

Personal Information

First Name: Akram

Last Name: Ghahramanian

Title: Professor

Department: Medical Surgical Nursing

Nationality: Iranian

Date of Birth: 26/4/1968

Place of Birth: Bonab

Address: South Shariati street, Tabriz, Iran.

Phone No.: 00989123879247 **Email:**

ghahramaniana@gmail.com;

Academic Qualifications

B.Sc.of Nursing (Urmia University of Medical Sciences, Iran)

M.Sc.of Medical Surgical Nursing Education (Tehran University of Medical Sciences, Islamic Azad University, Tehran, Iran)

Ph.D in Nursing Education (Kerman University of Medical Sciences, Iran)

Assessment and Evaluation Fellowship Certificate held by the Virtual University of Medical Sciences in collaboration with the National Medical Education Assessment Center

Honors and awards

First Rank among Doctoral Nursing Students (Admission Year 1388), Kerman University of Medical Sciences

First Rank in the Comprehensive Examination for Doctoral Nursing Students (Admission Year 1388), Kerman University of Medical Sciences

Exemplary Researcher, Islamic Azad University of Bonab, 2009 & 2010

Exemplary Professor, Tabriz University of Medical Sciences, 2023

Recognition from the Vice-Chancellor of Medical Affairs for Empowering Nurses in Nursing Report Writing

Best Academic Achievement at Motahari Festival, 2019

Best Academic Achievement at Motahari Festival, 2020

Best Academic Achievement at Motahari Festival, 2021

Recipient of the East Azerbaijan Book of the Year Award, Islamic Culture and Guidance Department

Selected by the Nursing Department and Commended by University President, 2010

Member of the National Nursing Board, Supreme Council for Medical Sciences Planning, Iran, Two-year appointment (from October 2025)

Professional Membership: (Administrative or executive Experience ...)

Chair, Internal Evaluation Committee, Department of Internal Surgery, Faculty of Nursing and Midwifery, Kerman University of Medical Sciences (one term)

Chair, Internal Evaluation Committee, Department of Internal Surgery, Faculty of Nursing and Midwifery, Tabriz University of Medical Sciences (one term)

Chair, Internal Evaluation Committee, Nursing and Midwifery Department, Islamic Azad University of Bonab (one term)

Head, Education Department, Faculty of Nursing and Midwifery, Tabriz University of Medical Sciences, Tabriz (3 years)

Head, Nursing Department, Islamic Azad University of Bonab (8 years)

Member, Education and Research Council, Faculty of Nursing and Midwifery, Tabriz University of Medical Sciences (2025–present)

Member, Center for Research on Education in Medical Sciences (2024–present)

Editorial Board Member, Journal of Caring Sciences, Tabriz University of Medical Sciences (2025–present)

Member, Undergraduate Nursing Curriculum Review Committee (2023)

Trainer, In-service Training Workshops at Hospitals in Tabriz including Imam Khomeini

Teaching Experience

Internal Surgery Nursing 1, 2, 3, and 4

Adult Geriatric Nursing 1, 2, 3

Research Methods in Nursing, Undergraduate and Graduate Degrees

Basic Nursing Concepts 1 and 2

Nursing Process and Health Status Assessment

Mixed Studies Methodology and Instrumentation

Communication in Nursing

Advanced Care in Cardiovascular Disorders

Advanced Care in Oncology

Acute and Chronic Disorders

Fundamentals of Nursing (theoretical lessons and practical training)

Clinical instructor for Internal Surgery Nursing courses 1 to 4 at the undergraduate nursing Education

Clinical instructor for acute and chronic internal surgery nursing courses at the Master of Science in Nursing level

Clinical instructor for practical nursing courses of doctoral nursing students

National Instructor of Nursing Principles and Fundamentals

Research Projects

Psychometric properties of the Persian version of the 'Person-Centered Critical Care Nursing perceived by Patient Questionnaire (PCCNPq)': A Methodological Study

Care Management Process by Family Caregivers of Patients with Alzheimer's Disease: A Grounded Theory Study

Awareness, Attitude, and Utilization of Artificial Intelligence by Nurses in Educational, Therapeutic, and Research Hospitals of Tabriz in 1403

Readmission, self-care and quality of life of heart failure patients under follow-up after discharge in Shahid Madani Hospital: a longitudinal study

Academic adjustment of nursing students and its relationship with the perception of the educational environment of the faculty and fields of clinical education in the Faculty of Nursing and Midwifery of Tabriz, 2023

Title: Designing and psychometric evaluation of the Mothering Role Disruption Scale: A Sequential Exploratory Study

Information needs and parents' perception of safety and quality of nursing care and its relationship with gastrointestinal complications in children and adolescents with leukemia hospitalized in hospitals affiliated to Tabriz University of Medical Sciences, 1400.

Comparison of nurses' compassion fatigue and work life balance in Iran and Nigeria: A cross-cultural study

Designing and psychometric evaluation of a Student Identification Scale with Safe Clinical Performance in Undergraduate Nursing: A Sequential Exploratory Study

Development and psychometrics of knowledge and stigma regarding COVID-19 questionnaire in health care providers

The effect of cardiac rehabilitation nursing program on the lifestyle, cardiac health risk, and illness perception in patients undergoing coronary artery intervention in the Shahid Madani hospital, 1399.

Development and Evaluation of Nursing Process Education Protocol in Undergraduate Nursing

The Status of Intrahospital transport of hospitalized patients in the Intensive Care Units of Sina and Imam Reza hospitals of Tabriz, 2018

Nurses' viewpoints regarding clinical application of continuing education programs and its relationship with care behaviors of nurses employed in Tabriz University of Medical Sciences, 2018

Sexual function and its relationship with quality of life in patients with coronary artery disease referred to Clinics of Tabriz University of Medical Sciences, 2018

Participation in impactful national projects:

1. Collaborator in the project of “Expanding Roles of Nurse Lecturers Situated in Practice Using Action Research (Attending)”
2. Advisor in the project “Developing performance indicators for nursing education institution”
3. Supervisor in the project “Identification of Expected Nursing Competencies for Iranian Bachelor's Nursing Graduates: Sequential Exploratory Mixed Study”
4. Supervisor in the project of “Development and Evaluation of Nursing Process Education Protocol in Undergraduate Nursing”
5. Supervisor in the project of “Designing and Validating of a patient education model for cardiovascular patients”
6. Supervisor in the project “Development and psychometric evaluation of “nursing talent Identification " instrument”
7. First in Iran to translate into Persian the three standard nursing classifications: NANDA Nursing Diagnoses, Nursing Outcomes Classification (NOC), and Nursing Interventions Classification (NIC).

Thesis (Supervisor or Advisor) & Grants

Psychometric properties of the Persian version of the ‘Person-Centered Critical Care Nursing perceived by Patient Questionnaire (PCCNPq)’ : A Methodological Study

Care Management Process by Family Caregivers of Patients with Alzheimer's Disease: A Grounded Theory Study (Supervisor).

Awareness, Attitude, and Utilization of Artificial Intelligence by Nurses in Educational, Therapeutic, and Research Hospitals of Tabriz in 1403

Readmission, self-care and quality of life of heart failure patients under follow-up after discharge in Shahid Madani Hospital: a longitudinal study (Supervisor).

Academic adjustment of nursing students and its relationship with the perception of the educational environment of the faculty and fields of clinical education in the Faculty of Nursing and Midwifery of Tabriz, 2023 (Supervisor).

Designing and psychometric evaluation of the Mothering Role Disruption Scale: A Sequential Exploratory Study (Supervisor).
Information needs and parents' perception of safety and quality of nursing care and its relationship with gastrointestinal complications in children and adolescents with leukemia hospitalized in hospitals affiliated to Tabriz University of Medical Sciences,1400. (Supervisor).
Comparison of nurses' compassion fatigue and work life balance in Iran and Nigeria: A cross-cultural study (Supervisor).
Designing and psychometric evaluation of a Student Identification Scale with Safe Clinical Performance in Undergraduate Nursing: A Sequential Exploratory Study (Supervisor).
Development and psychometrics of knowledge and stigma regarding COVID-19 questionnaire in health care providers
The effect of cardiac rehabilitation nursing program on the lifestyle, cardiac health risk, and illness perception in patients undergoing coronary artery intervention in the Shahid Madani hospital, 1399. (Supervisor).
Development and Evaluation of Nursing Process Education Protocol in Undergraduate Nursing (Supervisor).
The Status of Intrahospital transport of hospitalized patients in the Intensive Care Units of Sina and Imam Reza hospitals of Tabriz, 2018 (Supervisor).
Nurses' viewpoints regarding clinical application of continuing education programs and its relationship with care behaviors of nurses employed in Tabriz University of Medical Sciences,2018 (Supervisor).
Sexual function and its relationship with quality of life in patients with coronary artery disease referred to Clinics of Tabriz University of Medical Sciences, 2018 (Supervisor).
Designing a motivation model for faculty members at Tabriz University of Medical Sciences
Training Course (Participant or Speaker)
Principles of Nursing Report Writing and Related Frameworks (Speaker)
Nursing Process Framework in Patient Care (Speaker)
Guideline 247 in Cardiovascular Emergencies (Speaker)
Initial Assessment Guidelines for Nurses (Speaker)
Pain Management Guidelines for Nurses (Speaker)
Guidelines for Care of Patients Undergoing Angiography and Coronary Intervention (Speaker)
Guidelines for Cardiac Rehabilitation in and Out of Hospital (Speaker)
Design and Psychometrics of Research Instruments (Speaker)
Translation and Linguistic and Cultural Adaptation of Research Instruments (Speaker)
Patient Communication and Professional Communication in Nursing (Speaker)
Designing Educational Models for Faculty Members (Speaker)

Research in Education for Faculty Members (Speaker)

Preceptorship Model in Clinical Education (Speaker)

TPS Model in Nursing Education (Speaker)

International journal editors or reviewers

Editorial Board Member of Journal of Caring Sciences

Reviewer in Iranian Journal Of Nursing And Midwifery Research

Reviewer in BMC Nursing

Reviewer in Nursing Open

Jury Member, Educational Evaluation Panel, 19th Shahid Motahari Educational Festival (2025)

Jury Member, Educational Evaluation Panel, 18th Shahid Motahari Educational Festival (2024)

Presentation in seminars, conferences and congresses (Oral or Poster)

Poster Presentation: The Impact of Blended Oncology Internship Education

Poster Presentation: Explaining Safe Care in Culturally Sensitive Care

Poster Presentation: The Role of Technology-Based Programs in Fall Prevention

Poster Presentation: Design and Psychometrics of an Adult Fall Assessment and Prevention Scale Based on Standard Languages

Poster Presentation: Status of Safe Intrahospital Transfer of Patients in Intensive Care Units

Speech: Covering Patient Safety Issues in the Nursing Education Curriculum: From the Undergraduate Nursing Students

Speech: Willingness for Expressing Patient Safety Issues: Safety Voice Among Nursing Students

Poster: Nursing Students with Unsafe Clinical Practice: Failure in Interpersonal Communication

Poster: Identifying Insufficient Readiness of Non-Technical Skills Components Among Nursing Students with Unsafe Clinical Practice

Poster: Enhancing Patient Safety Competence in Graduating NRSIG Students through Work Readiness and Professional Development

Poster: The Gap Between the Acquisition of Patient safety competence from the graduating nursing student's perspective and the teacher's expectations of them

Poster titled: Deficiency in mental-physical readiness: characteristics of students with unsafe clinical practice
