Obesidad

¿Qué es la obesidad?

Se dice que una persona es obesa cuando tiene un gran sobrepeso y su índice de masa corporal, o BMI, es de 30 ó más. El BMI es una medida de su peso en relación con su altura. Puede calcular su BMI usando una tabla.

El tamaño de su cintura también es importante. Es una medida de su grasa abdominal. Sus riesgos de salud, sobre todo de tener diabetes o enfermedades cardíacas, pero también de tener algunos tipos de cáncer, aumentan a medida que su BMI y el tamaño de su cintura aumentan. Una medida de cintura mayor que 40 pulgadas en los hombres y 35 pulgadas en las mujeres aumenta significativamente su riesgo para la salud.

¿Cuáles son los riesgos de la obesidad?

Casi un tercio de todos los adultos son obesos. La obesidad aumenta a medida que la gente envejece.

Es un problema serio debido a que aumenta el riesgo de tener mala salud y enfermedades importantes tales como:

Improved Focus

Use the information you really need with our new improved search focus tool.

Find the Focus dropdown in the search box and use the Focus dropdown to tell us what kind of information you want to find. Find the Focus dropdown on your left, below the search box.

Search with no restrictions on focus.

Articles about the diagnosis of a condition. It is equally useful for the use of diagnostic tests.

Articles about the causes of a disease.

- **Treatment:** finds articles specifically about managing conditions.
- **Prognosis:** searches for articles discussing the prognosis, incidence, mortality, or progression of a disease.

Article Type

To find only the types of article you are interested in, use the **Article Type** dropdown list. Use it to narrow your search to:

- **All:** (the default) searches all article types with no restrictions.
- **Reviews:** Finds review articles like those found in the Clinics of North America.
- **Cochrane:** Restricts searching to only The Cochrane Database of Systematic Reviews.
- **Opinions:** Prioritizes publications that have been classified in Medline as Comments or Editorials.
- **Trials:** searches for articles containing information about Clinical Trials, Randomized Control Trials and similar studies.

Best of all, you can use these and all of the other journal search options together. Give it a try today.

Book Notes

Written in response to numerous requests by nurse practitioners and other graduate faculty for a nursing literature resource, this book is based on the AMA's *Users' Guides to the Medical Literature: A Manual for Evidence-Based Practice* by Drs. Guyatt and Rennie. Revised for the nursing audience, *Evidence-Based Nursing* is a reader-friendly and accessible, features plentiful examples from the nursing literature and adds specific nursing issues such as qualitative research, with direct application for clinical practice. Drs. DiCenso, Ciliska, and Guyatt are three of the leaders in the evidence-based nursing community and command worldwide recognition.

استفاده از نوار جستجو

The screenshot shows the Mosby's Nursing Consult website. At the top, the logo reads "MOSBY'S NURSING CONSULT" with the tagline "THE LATEST KNOWLEDGE FOR THE GREATEST CARE." Below the logo is a navigation menu with links for Home, Drugs, Handouts, Journals, Books, News, Clinical Updates, and Marketplace. A search bar is prominently displayed, with a dropdown menu set to "Entire Site" and a "Go" button. To the right of the search bar are links for "Advanced Search" and "Last Results". A red dashed box highlights the search bar and the navigation menu. A green callout box points to the search bar with Persian text. On the right side of the page, there are links for "My PDA" and "Dictionary", and a "Help" icon. The main content area features a "What's New" section dated October 31, 2006, with a sub-heading "New content and features added to Mosby's Nursing Consult!". Below this, there are three bullet points: "New journal content: AORN Journal", "New full-text book searching: Search the entire text of the book to get the most relevant information you need.", and "New image searching: Search 5,000+ images from books, view full-size or compare side-by-side." Below the "What's New" section is a "Nursing News" section with a "More ..." link and several article titles: "CDC issues guidelines to reduce drug-resistant infections", "Index Guides Physicians in Tackling the Problem of Elder Abuse", "Results of Flawed Study Hint That Perindopril Helps Diastolic Heart Failure", "Home Blood Pressure Monitoring Redirects Diabetics", and "At 5 Years, Laparoscopic Cystectomy Measures Up". Below the "Nursing News" section is a "Clinical Updates" section with a "More ..." link and a "NEW" tag followed by the text "Improving Quality of Life for Patients with Life-limiting Illnesses: The Key Role of Nursing in Palliative". On the right side of the page, there are two images of nurses. The top image shows two nurses looking at a computer screen. The bottom image shows a smiling nurse. Between the images is a link that says "Click below for Mag" and a section titled "How Nursing Consult Can Help You Achieve the Mag Designation".
