**Medication Safety in Polypharmacy - WHO Medication Safety Webinar Series -
12 July 2022**

Dear Dr Nicknam,

This is to kindly inform you that as part of the ongoing series of **WHO Global Patient Safety Challenge: Medication Without Harm**, the sixth webinar in this series on the topic **"Medication Safety in Polypharmacy"** is scheduled on Tuesday, 12 July 2022.

Ensuring medication safety in polypharmacy is one of the critical challenges in medication safety. Inappropriate polypharmacy has been described as a significant public health challenge, as it increases the likelihood of adverse effects, considerably affecting health outcomes and expenditure on health care resources. At this webinar, the WHO technical report on "Medication Safety in Polypharmacy" will be introduced, and experiences from different countries and organizations will be shared on the proper management of polypharmacy and the factors that influence appropriate polypharmacy.

In this regard, it would be highly appreciated if you please share the below registration link with concerned people at the Ministry of Health for **Tuesday, 12 July 2022 at 13:00-14:30 CEST**: https://echo.zoom.us/webinar/register/WN_4ocN5iiETJiIgE93av602w

Thank you.

Yours Sincerely,

Dr Syed Jaffar Hussain
Country Representative and Head of Mission
World Health Organization I.R. Iran

Dr Mohammad Hossein Nicknam
Director General for International Affairs
MOHME, I.R. Iran
